

NEW HORIZON SCHOOL

In-Person School Readiness List

Please read the following list to prepare for school.

1. Complete daily health check at home.

If your student has symptoms of illness (cough, fever of 100.4 F+, congestion, shortness of breath, etc.) stay home and call or email the office immediately.

2. Prepare materials.

Have your student bring their supplies and the following items to school in the morning and back home every day.

Required:

Laptop and accessories will be checked out to your student on the first day of school:

- fully charged NHS laptop
- NHS laptop charger
- NHS laptop bag/sleeve
- NHS headphones/mic
- NHS wired mouse

If not accepting catered lunch or bottled water provided by NHS at no cost to your family, you must send these items from home:

- lunch (if not accepting the lunch provided by NHS)
- 2-3 bottles of water (if not accepting the bottled water provided by NHS)

Required:

Please send these required supplies from home. They may stay in your student's backpack or may be left at school in a labeled Ziploc bag or a labeled, small storage container:

- 1.5" binder, 1 pencil pouch, 1 pkg. notebook paper, 2 dozen #2 pencils, 1 pkg. erasers, one 12" ruler, one small pencil sharpener

Optional:

Please send these optional items from home if desired, which may stay in your student's backpack or may be left at school in a labeled Ziploc bag or a labeled, small storage container:

- calculator, sticky notes, highlighters, markers/crayons/colored pencils, copy paper/drawing paper, free reading book

3. Prepare for school arrival.

Bus riders:

Use hand sanitizer and maintain physical distanced seating.

Other riders:

Drivers pull into a parking place and remain in car. Students leave the car, maintain 6 ft. physical distancing, and walk to Homeroom class.

4. Prepare for contactless health screening and temperature check upon entering Homeroom class.

When students arrive at the door of their Homeroom class, the Homeroom teacher will use a touchless thermometer to check the student's temperature. If you do not have a fever of 100.4 F+ and you do not have symptoms of illness, you may enter the classroom, use hand sanitizer, and go to your assigned workspace.
